

**Pear Deck Learning is the only platform that offers teachers support for every instructional step in any topic.**

Our *all-in-one* instructional platform helps teachers develop and deliver engaging lessons, create differentiated practice sets, and assess performance for all students.

Trusted by  
**1.1M+ educators.**

Used by over  
**21M+ students**

Helping more than  
**49K schools  
and districts.**

### From planning to teaching in minutes

Instantly transform new ideas or existing materials into high-quality, classroom-ready lessons, practice sets, and assessments.

### Engaging Classroom Experiences

Create interactive, standards-aligned lessons that increase student participation in under 30 seconds, or choose from over 127K ready-to-teach materials.

### Differentiated Learning

Personalized practice sets and solo practice tracks shown to increase performance 15 percentage points.<sup>1</sup> Seamlessly assess progress and mastery vs. benchmarks to monitor student progress and accelerate standards mastery.

### Instant Insights

Comprehensive insights help teachers personalize approach based on standards mastery and student need and give admins a 360-degree view of each student's progress, attendance, and academic risk.
